PROJECT DETAILS

MAIN-PROJECT:

- Title   :   Job Portal CRUD System
- Technologies :   HTML,CSS,JAVASCRIPT,JAVA,SERVLET
- Description. : Developed a dynamic web application for job seekers and employers, facilitating job search and recruitment processes through CRUD (Create, Read, Update, Delete) operations.
- Create and manage their profiles, including personal information, qualifications, and employment history.
- Search and apply for job listings based on various criteria such as location, industry, and job type.
- Receive notifications and updates on application statuses.
- Integrated CRUD functionalities for employers to:

- ➢ Create and manage job listings, including job descriptions, requirements, and application deadlines.
- ➢ View and manage incoming job applications, including filtering and sorting options.
- ➢ Commutate with applicants and schedule interviews through the platform.
- ➢ Designed an intuitive user interface with responsive design principles to ensure optimal user experience across devices.
- ➢ Implemented data validation and error handling mechanism to maintain data integrity and enhance system reliability.
- ➢ Collaborated with a team of developers to plan, design and execute the project, adhering to project timeline and requirements

PERSONAL PROFILE

- ➢ Name   : Gyana Ranjan Behera
- ➢ Date of birth   : 20-06-2001
- ➢ Father's name   : Prafulla Behera
- ➢ Nationality   : Indian
- ➢ Marital Status   : Unmarried
- ➢ Languages known : English,Hindi,Odia

DECLARATION

I hereby declare that the above information is true and correct to the best of my knowledge. I bear the responsibility for the correctness of the mentioned particulars.

Place: Hyderabad.   **Name: Gyana Ranjan Behera**
